

In re patent application of:  
Gunnar van der Steur  
USSN: 10/733,939  
APPARATUS AND METHOD FOR  
ELECTROSTATIC SPRAYING OF  
CONDUCTIVE COATING MATERIALS

I. AMENDMENTS TO THE CLAIMS

In the claims, please formally cancel withdrawn claims 31-58, without prejudice. They will be prosecuted in a separate application. A full listing of all remaining claims 1-30 now under consideration is not presented here since it is redundant with those claims already filed and of record.
